Re: G&H Landfill Superfund Site ("Site")  
United States of America v. Browning Ferris Industries, Inc.  
Consent Decree: Civil Action 92-CV-75460-OT ("Consent Decree")

Dear Mr. Short:

As a follow up to my December 16, 2013 letter to you, we write to you on behalf of the G&H Landfill PRP Group ("Group") in further response to your letter dated November 26, 2013 ("Notice Letter").

The Group is hereby timely submitting the enclosed Corrective Action Plan for Reducing Concentrations Downgradient of the Source Containment System in response to US EPA's request in the Notice Letter pursuant to Paragraph II.E.6. of the Scope of Work ("SOW") attached to the Consent Decree. Please note that, by making this submission, the Group is not agreeing with the bases presented in the Notice Letter for US EPA's requests under the SOW for corrective action plans, nor is the Group admitting any liability or obligation under the Consent Decree or applicable law for any matters addressed in the Notice Letter. Rather, the Group is expressly reserving all rights and defenses regarding such matters under the Consent Decree and applicable law. Moreover, the Group requests that this letter and the enclosed corrective action plan be made a part of the administrative record for the Site.

The Group stands ready to continue to pursue a good faith resolution of all of the issues set forth in the Notice Letter. Please contact me if you have any questions regarding the subjects covered above.
